Holiday Assignment

Class – IV

Instructions for the Holiday Assignment

Helping your child with his homework doesn't mean doing it for him!

- Use Holiday Homework as an opportunity to spend quality time together. Let your child take the lead and use his/her imagination, creativity and knowledge to do the assigned task. The role of the parent is to be a facilitator and guide to steer the child in the right direction. He/ She will find his own destination. Original work of students will receive greater recognition and appreciation.
- **Improve Your Writing**
Write one page English and one page Hindi handwriting every alternate day. We would love to see your writing practice notebook after summer vacations. You may copy from any book or write a passage on your own.
- **Develop Reading Habit**
Reading is a very good habit that one needs to develop in life. Once you start reading, you experience a whole new world .Reading develops language skills and vocabulary. Reading books is also a way to relax and reduce stress. So I would like to tell all the students that read English and Hindi story books , newspaper etc. You can also download E -books .
 - **Note: -** Holiday assignments carry extra marks in assessment (Subject enrichment). You have to maintain proper school notebooks for all the work done. Follow the guidelines given by teachers to complete specific activities. Submission of work post vacation is compulsory for all students.
 - **Read and revise all subjects covered till date for Periodic Assessment –I.**

We wish you all the best for your vacation. Have fun and enjoy it. I hope you enjoy every moment of your vacation.

Take care of yourself.
